statutory period for response set to expire on September 8, 1999, please consider the
following amendments and remarks:

IN THE CLAIMS:

7. (Four Times Amended) A bipolar plate for electrochemical cells, comprising:

a porous, electrically conducting sheet selected from the group consisting of
expanded metal mesh, metal foam, conducting polymer foam, porous conductive carbon
material and combinations thereof;

a gas impermeable material disposed within pores [a minor portion] of the sheet to
form a gas barrier that prevents communication of gas between opposing faces of the
